HOW DOES THE LOYALTY PROGRAM WORK?

Every stay which you carry out in any of the hotels of the Jáchymov Spa a.s. company, either as a self - payer or through the health insurance or through a travel agency will be rewarded by loyalty points. Once you settle your bill and check-out, a certain number of points will be credited to your membership account. Every CZK 1,000 spent in Spa Jachymov is equal to one point. The level of your membership is determined by the number of points.

All spa services are awarded by a certain number of points that are kept in the hotel reservation system. The level of your membership is therefore based on the financial amount of yours previous stays and services used, converted to points.

You may be entitled to interesting discounts already.
